

Welcome to Windows® 10!

You must use a default product key to install and test Windows 10. The following default product keys are based on whether you are implementing OEM Activation 3.0, and can be used in your installation and testing process for the indicated product.

**Important**

You must enter a product key during installation of the master software.

**Windows® 10 Default Product Keys to be used with OEM Activation 3.0**

Version	Default product key
Windows 10 Home	37GNV-YCQVD-38XP9-T848R-FC2HD
